VP - Sales

PO Box 907
Traverse City, MI 49685-0907

Dear Jake:

I just wanted to take a minute and compliment you and the team at CooLED, Inc. Saving money is great with our new LED lights, new projects are fun to execute, but because we don't do this every day we it was difficult to envision how the end product would turn out. That's where your teams experience walked me through the right process to make the correct decisions.

Having the light fixture hanging at your warehouse and alternating the size of the lamp did help. Our clean room is the envy of the shop employees.

Thanks again for helping to take me one step at a time down the road to better lights at a savings on our electric bill. Since I'm an MSU grad I was already Green, but now I've even taken that one step further.

Very truly yours,

Robert C Brammer Jr.
President
