Dear Don,

Thank you for presenting the idea of CooLED lighting for my office and shop. It was a good decision for us to make the change to CooLED.

Your attention to detail and assistance with the purchase was appreciated. We are very happy with the results. It is a vast improvement in our work environment.

Thank you for the follow-up visits to check on the results and answer our questions. My staff and customers appreciate the difference the lighting has made.

Sincerely,

Byron Gay
